## AUDITORS' REPORT

To the Members of Mennonite Church Canada

We have audited the statement of financial position of Mennonite Church Canada as at January 31, 2008 and the statements of operations, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the organization as at January 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The current year's supplementary information included in the schedules A through F is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

Year ended January 31, 2008

## 1. General:

Mennonite Church Canada (MC Canada) is a Canada-wide Christian denomination within the Anabaptist-Mennonite tradition. Its mission includes the promotion of biblical faithfulness in worship, evangelism, service, peacemaking and stewardship of God's creation.

MC Canada is a body of Mennonite congregations which works in partnership with provincial/regional conferences in the mission and ministry of the church of Jesus Christ. It provides, facilitates and coordinates national and other programs that support the ministry of its congregations and partner area conferences. MC Canada works closely with other national Mennonite conferences, particularly Mennonite Church USA, cooperates with various inter-Mennonite and other Christian agencies, and represents national and international programs and concerns to its constituency.

MC Canada is a corporation without share capital incorporated under the laws of Canada and is registered with Canada Revenue Agency as a charitable organization with registration number 10696-7086-RR0001.

## 2. Significant accounting policies:

### (a) Fund accounting:

Assets, liabilities, revenues and expenses related to MC Canada's capital assets, capital campaigns, and internally restricted funds for future asset purchases are recorded in the Capital Fund. All other assets, liabilities, revenues and expenses are reported in the General Fund.

### (b) Revenue recognition:

MC Canada follows the deferral method of accounting for contributions, which include donations and government grants.

Externally restricted contributions, other than endowment contributions, are deferred and recognized as revenue of the appropriate fund in the year in which the related expenses are incurred. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for the related capital assets.

MC Canada has established an internal policy to generally recognize revenue on externally restricted bequests at the lesser of the related expense incurred during the year and 10 percent of the particular deferred balance.

# MENNONITE CHURCH CANADA

Notes to Financial Statements (continued)

Year ended January 31, 2008

---

## 2. Significant accounting policies (continued):

Unrestricted contributions are recognized as revenue of the General Fund when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Endowment contributions are recorded as a direct increase to the externally restricted fund balance of the General Fund.

Sales, services and fees are recognized as revenue when earned.

Investment income on unrestricted assets is recognized as revenue when earned. Investment income earned on deferred contributions is recognized as revenue in the same period as the related expenses of the deferred contribution are recognized.

Investment income earned on bequest funds and on the Church Building Fund are recognized directly into revenue of the General Fund.

Government grants relating to program delivery and administration are recognized as revenue of the General Fund in the year in which they apply.

### (c) Capital assets:

Purchased capital assets are recorded in the Capital Fund at cost. Contributed capital assets are recorded in the Capital Fund at fair value at the date of contribution. Amortization is provided on a straight-line basis over the asset's estimated useful life, which for buildings and improvements is 20 years and for vehicles, equipment and furnishings is 5 years. Amortization expense is reported in the Capital Fund.

### (d) Investments:

Effective February 1, 2007, investments are classified as held-for-trading and are carried at fair value (note 3). The change in the difference between the fair value and the cost of investments at the beginning and end of each year is reflected in investment income in the statement of operations.

# MENNONITE CHURCH CANADA

Notes to Financial Statements (continued)

Year ended January 31, 2008

---

## 2. Significant accounting policies (continued):

### (e) Employee future benefits:

MC Canada has a defined contribution plan providing pension and post-employment benefits for its salaried employees. The cost of the defined contribution plan is recognized based on contributions required to be made during each period.

### (f) Foreign currency:

Monetary items denominated in foreign currency are translated to Canadian dollars at exchange rates in effect at the balance sheet date and non-monetary items are translated at rates of exchange in effect when the assets were acquired or obligations incurred. Revenues and expenses are translated at rates in effect at the time of the transactions. Foreign exchange gains and losses are included in income.

### (g) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

### (h) Future accounting changes:

On December 1, 2006, the CICA issued three new accounting standards: Handbook Section 1535 - *Capital Disclosures*, Handbook Section 3862 - *Financial Instruments - Disclosures* and Handbook Section 3863 - *Financial Instruments - Presentation*. These new standards became effective for MC Canada on February 1, 2008.

Section 1535 specifies the disclosure of: (i) an entity's objectives, policies and procedures and process for managing capital; (ii) quantitative data about what the entity regards as capital; (iii) whether the entity has complied with any capital requirements; and (iv) if it has not complied, the consequences of such non-compliance.

Sections 3862 and 3863 replace Handbook Section 3861 - *Financial Instruments - Disclosure and Presentation*, revising and enhancing its disclosure requirements, and carrying forward unchanged its presentation requirements. These new sections place increased emphasis on disclosures about the nature and extent of risks arising from financial instruments and how the entity manages those risks.

Notes to Financial Statements (continued)

Year ended January 31, 2008

## 2. Significant accounting policies (continued):

MC Canada is currently assessing the impact that these new standards will have on their financial statements for the year ended January 31, 2009.

## 3. Change in accounting policy:

MC Canada adopted the new standard, Handbook Section 3855, *Financial Instruments - Recognition and Measurement*, on February 1, 2007. This standard provides guidance on recognizing financial instruments and non-financial derivatives on the statement of financial position. The standard also specifies how financial instrument gains and losses are presented. Initially, all financial assets and liabilities must be recorded on the statement of financial position at fair value. Subsequent measurement is determined by the classification of each financial asset and liability. Under this standard, all financial instruments are classified as one of: (a) held-for-trading; (b) loans and receivables; (c) held-to-maturity; (d) available-for-sale or (e) other liabilities. Financial assets and liabilities held-for-trading are measured at fair value with gains and losses recognized in net earnings. Financial instruments classified as held-to-maturity, loans and receivables and other liabilities are measured at amortized cost. Available-for-sale financial instruments are measured at fair value, with unrealized gains and losses recognized directly in unrestricted fund balances.

Upon adoption of this new standard, MC Canada designated cash and investments as held-for-trading; accounts receivable as loans and receivables; and accounts payable and accrued liabilities and a portion of other loans payable as other liabilities. MC Canada has neither available-for-sale or held-to-maturity instruments.

For held-for-trading financial assets and liabilities, transaction costs are recorded in the statement of operations as incurred.

The implementation of the standard on February 1, 2007 and for the year ended January 31, 2008 resulted in no impact to investments and general fund balances.

## 11. Related party transactions:

- (a) The Canadian Mennonite Bible College (CMBC), which was owned and operated by MC Canada, entered into a formal arrangement in prior years with two other Mennonite Colleges to form the Canadian Mennonite University (CMU). CMU was formed in order to increase the effectiveness, both in serving the Mennonite constituency and in witnessing to the larger society, by providing university level training consistent with a Christian perspective rooted in the Anabaptist-Mennonite tradition. CMU was incorporated in 1998 as a corporation without share capital by *The Mennonite College Federation and Consequential Amendments Act* of Manitoba. The members of the corporation are CMBC, Concord College and Menno Simons College.

MC Canada leases its offices and the Heritage Centre from CMU under a 99 year capital lease. MC Canada does not pay rent on this lease but is responsible for all utility and maintenance costs associated with these properties.

- (b) Mennonite Publishing Network:

Mennonite Publishing Network (MPN) is an organization incorporated in the state of Pennsylvania as a not-for-profit corporation. Its purpose is to serve the publishing ministry needs of MC Canada and Mennonite Church USA. MC Canada is able to appoint 3 of a maximum of 8 members on MPN's board of directors.

- (c) MC Canada sponsors a defined contribution pension plan for its employees and its member churches and related organizations. The plan is registered under the *Pension Benefits Act* of Manitoba, registration number 0228650. The pension plan is administered by Group Retirement Services (GRS). During fiscal year 2008, MC Canada was paid \$54,795 by GRS for services provided in relation to administering the plan. MC Canada made employer contributions to the plan in the amount of \$115,378 (2007 - \$112,544).

## 12. Fair value of financial assets and liabilities:

The fair values of cash, accounts receivable, accounts payable and accrued liabilities and other loans payable approximate their carrying value due to their relative short term to maturity.
