## Screening in Faith

This volunteer screening resource was developed to provide each faith community with tools to create and maintain a safe environment, to protect those who are to be cared for and to prevent sexual, physical, and emotional misconduct from occurring in places of ministry. The workbook provides a hands-on practical guide

for congregations who want to pay attention to the way they manage volunteers. Screening involves assessing risk, writing out ministry descriptions, discerning suitability of the individual for the task, training and possibly modifying the setting and arrangement of the task.

Areas covered include: Determining the Risk, Volunteer Ministry Descriptions, Recruitment Process, Selection Process, Interviews, Reference Checks, Police Record Checks, Managing the Volunteer, Supervision/Evaluation.
