

# Call to Worship – You Satisfy Our Longing

Leader: Lord, we come to this place to worship you.

**People: We come to seek your face and your counsel.**

Leader: We come, with our hearts full of the things that do not satisfy.

**People: We come, longing for the food  
that will fill our empty souls.**

Leader: Because your steadfast love is better than life,  
our lips will praise you.

**People: We will bless you as long as we live;  
we will lift up our hands and call on your name.**
